Mr. Crocodile and Mrs. Cat

Mr. Crocodile told Mrs. Cat that he killed the mouse in their house. Mrs. Cat was so surprised and she asked Mr. Crocodile “how did you kill the mouse?”. “I ate it” said Mr. Crocodile. Mrs. Cat was so amazed with Mr. Crocodile. But Mr. Crocodile was just making fun of Mrs. Cat; he really didn't kill the mouse. Mrs. Cat got angry with Mr. Crocodile and she promised to never believe him again.

WINTER

WINTER IS MY FAVORITE SEASON
I CAN ENJOY IT FOR MANY REASONS
WE CAN DO SNOWBALL FIGHTS
WE CAN SKI UNDER THE SUNLIGHT
WE WEAR HEAVY COATS AND SOME
WARM CLOTHES
LOTS OF PEOPLE WEAR THICK COATS
IN WINTER
WE CAN RIDE SLEDS AND PLAY
IN ICY PONDS
I LOVE WINTER BECAUSE
WINTER BRINGS SO MUCH FUN

The Magic Carpet

If I have a magic carpet I would go to a chocolate factory with my friend Lily. There we can see, smell and eat chocolates and soda gums. Then we will go to a beach and enjoy the view. I'll get some coconuts from the coconut tree and I will make a coconut shake. I will swim and Lily will build a sand castle, a very tall one. Lastly, we will go to Japan with our family.

THE ELEPHANT & THE FOX

Once upon a time there was a fox named Chase and an elephant named Lazy. Chase the fox always chases animals away from his home. Lazy the elephant doesn't like working because he always feels lazy. Lazy and Chase are good friends. Their friendship started when they both got stuck in a tree when they were still in kindergarten.

While still on the tree, Chase and Lazy picked some blueberries and ate together. They had fun and enjoyed being stuck together. Since then Chase and Lazy became very good friends. They may be different from each other but they enjoy being together.

I WANT TO BE A DOCTOR

Many children wonder what they want to become when they grow up. But me, I want to be a doctor. I have several reasons why I want to be a doctor. First, I want to help people who are sick or in pain. Second, I want to help poor patients who can't pay for medical treatment. I will help people in Africa by giving them free medical assistance. There is money in Africa, but most people do not have enough money for medication. So I will help them for free. Third, I want to learn more about our mysterious body. I am curious about our internal organs. I want to study more about medicine. These are the reasons why I want to be a doctor someday.
